

Rocky Mountain Smiths Demonstration

Woodworking tools, making a drawknife John Switzer's shop in Beulah Colorado

October 14th 2017

We will continue our journey into the making of tools for woodworkers. This year the emphasis will be on the forging of a drawknife from mild steel with a hardened steel cutting edge.

Check in starts at 8:30, demo starts at 9:00 and should run until about 4:00 with a 1 hour lunch break.

Bring a sack lunch or eat at one of two local restaurants.

Safety glasses are required and hearing protection is recommended.

Address: 6100 Roosevelt Ave
Beulah, CO 81023

We are about 2 ½ hours south of Denver near Pueblo
